JUNE 2024

FRONT END DEVELOPER, SUMMER PROGRAM

- Create my react app.
- Use firebase to configurate to the database

SKILLS

- Collaboration
- Flexible
- Addaptive
- Communication
- Problem Solving

AKTIVITAS

I am a computer science student with a strong interest in learning various fields within the scope of computer science, particularly focusing on becoming a front-end developer. To pursue this passion, I engage in self-study at home based on the materials I have received and internet diving.
